### ESPRESSO, COFFEE & TEAS

"Crema" is the delicate foam atop a promising espresso shot. We feature Arizona roasted Firecreek Coffee. All drinks can be made hot or iced and are standard double shots. Soy available. We make our own whipped cream. Crema's custom drip coffee brew is featured each day. Choose from classic espresso drinks or modern variations. We feature Tazo hot and iced teas.

### MADE-FROM-SCRATCH GELATO

We make all our gelatos and sorbets from scratch by traditional Italian methods here in the cafe. The sweetened base of gelato is known as "crema." We make our crema in small batches and then add the freshest natural seasonal ingredients. Our produce is sourced locally whenever possible and many of our herbs are supplied by neighboring gardeners. So you'll notice our flavors rotate with the season and a favorite might not always be available. We hope it keeps you coming back for new favorites.
